

In order to implement the **third component of the Project: Inclusive Education Services of the Ministry of Education, the Delegation of the European Union in Montenegro and the Examination Centre**, the training of associates from the resource centers and staff of the Examination Centre was held for the purpose of development of the **Guidelines for Conducting External Examinations for Students with Special Educational needs.**

The training was held from August 7-9, 2012. The training was managed by

Ms.

Sanja Horvatic

, Head of Department for the External Evaluation and Adjustment of Exam Technology from the Croatian National Centre for the External Evaluation of Education.

[Agenda](#)

The Guidelines will include a description of special educational needs, mechanisms for adjusting of exams to the specificities of students, procedures for identification and registration of students and other relevant information.
